Experience

2017

[Akademia Przyszłości](#), voluntary work

Compensatory classes for children with learning difficulties. Organization of individual and group work.

2018 - 2019

[AGH University of Science and Technology](#), Kraków

Studied technical physics. A member of [Bozon](#) student science club, still occupying the top position among all the science clubs at the university. I helped with the organization of scientific events such as Friday Evening of Science and Scientific Picnic in Warsaw, at PGE National Stadium - one of the biggest popular science events in Poland, where we tried to make physics interesting through various experiments.

2019 - 2020

[CopyZone](#), Warszawa

My responsibilities included the entire customer service process - from taking orders to processing them and final delivery. I learned how to handle paper efficiently doing binding, laminating, and large format printing. I did custom graphic design of advertising posters, business cards, stamps, and photo printing.

2021- now

[Lodz University of Technology](#), Łódź

Studying computer science, currently at 4h semester. Basic knowledge of C, C++, Python, Java, HTML, CSS. Ability to use Git. Past projects I have worked on include:

- a to-do list app with GUI (Python, appJar),
- a bot for the Discord server (Python),
- made a mockup of an application (Figma),
- simple tic-tac-toe game, allowing two players to play over the internet (JavaScript, Socket.io)

About me

I like to do things.

I like coffee.

I agree to the processing of personal data provided in this document for realizing the recruitment process pursuant to the Personal Data Protection Act of 10 May 2018 (Journal of Laws 2018, item 1000) and in agreement with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).
